

# NEW! KEN-TOOL AXLE STANDS

## SELF-LEVELING TRIPOD DESIGN EXTRA-HEAVY CONSTRUCTION

Here are the most rugged, lowest cost, quick-adjusting Axle Stands you have yet seen. You will see superior quality and design, when you compare KEN-TOOL "heavy-duty" construction to other makes. **IMPORTANT** . . . All major car manufacturers are warning repairmen not to work on cars equipped with air suspension without using a pair of adjustable axle car stands.

### COMPARE ALL THESE FEATURES . . .

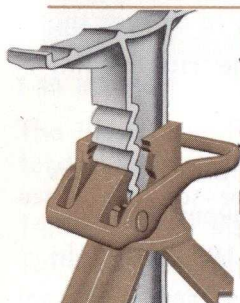

#### SELF-LEVELING TRIPOD DESIGN

Built with 3 legs like a surveyors tripod, eliminates rocking, even on rough or sloping surfaces. Wide base prevents tipping.

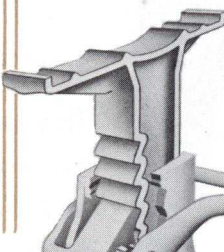

#### EXTRA-HEAVY CONSTRUCTION

Part for part, KEN-TOOL Axle stands are stronger and better engineered. Designed to support 65% overload! *They are the Finest!*

#### SELF-LOCKING Will Not Release Under Load

Self-engaging lug is part of the balanced handle. Cannot be lowered until load is off.

#### SURE-GRIP SAFETY SADDLE

Prevents load shifting or slipping. Don't tie up your floor jacks. Free them for other service.

**A complete line of lifetime axle supports; a size for every job.**

(NOTE: 15-ton model, T-129, features tubular design for big load capacity, locking pin, and tubular steel sleeve guide. See Illustration.)

# NEW KEN BEAD BREAKERS

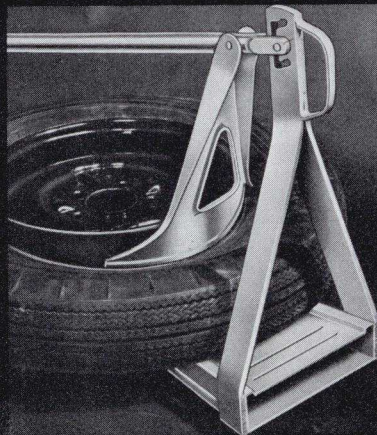

EXTRA HEAVY DUTY • FOR 14" TIRES & ALL OTHERS  
WITH

**POWER**  
TO SPARE

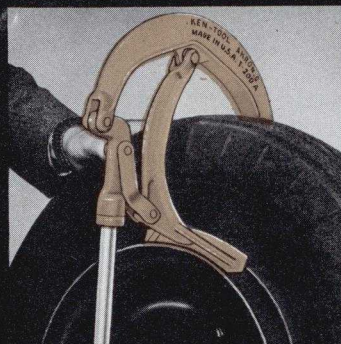

Ken Exclusive Up and Down Adjustment for Proper Height and Angle, on any size Passenger and Light Truck Tires. A must for Wide Base Rims.

**T-99 B**

**T-200 A**

Here illustrated is KEN'S NEW EXTRA HEAVY duty Adjustable bead breaker . . . it is now possible to break the TOUGHEST beads on the new type 14" wheels such as FORD, CHEVROLET, MERCURY, OLDSMOBILE and others having the safety hump and wide base rims. It takes terrific power to move these beads from their seat.

With KEN'S NEW EXCLUSIVE UP AND DOWN ADJUSTMENT and the SPECIAL CONTOUR BEAD BREAKER SHOE, you are always at the right angle to deliver the POWERFUL pressure at the right point automatically.

This new revolutionary bead breaker works tremendously well on all conventional rims and tires from 12" up to 18" and light trucks.

A must for every SERVICE STATION and TIRE REPAIR SHOPS regardless of the make tire changers they may now be using.

NET PRICE T-99 B ..... WT. 26 LBS.

## NEW IMPROVED T-200 A BEAD BREAKER

Handles all Passenger tires and Light trucks, including all 14" tires, even the tough wide base rims.

Breaks beads faster and easier than ever before, Tubeless or conventional on standard or safety rims, 12" to 18" wide base, all 14". The only functional portable tool on the market today that works on or off the car. A must for all service trucks. Forged from alloy steel. for hard use and long life.

T-200 A NET PRICE ..... WT. 7 $\frac{3}{4}$  LBS.

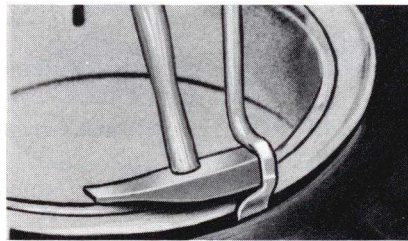

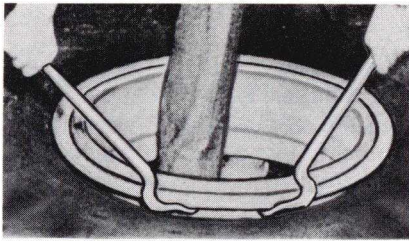

# KEN HEAVY DUTY BEAD LOOSENING AND TIRE REMOVING TOOLS

## FOR TRUCKS, FARM TRACTORS AND OFF-THE ROAD EQUIPMENT

Specially Swan-neck designed tools made to quickly and easily loosen tire beads from rims having tapered beads. Tire beads are much tighter on tapered rims so tools of this design are needed to make the job of demounting simpler, easier and quicker.

Tool is forged with swan-neck end, other end for lock-ring service. (see illustration). This multi-purpose tool is ideal for FARM TRACTOR work, dealers and rural servicemen.

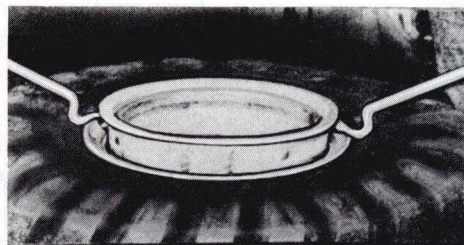

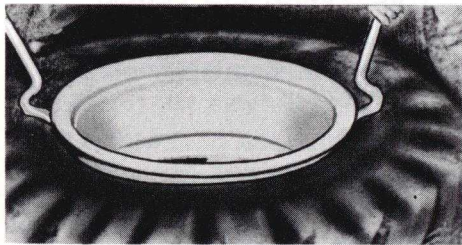

Forged from chrome nickel alloy steel heat-treated for hard use and long life.

T-40 NET PRICE.....3/4 Stock.....Length 18".....Wt. 2-3/4 lbs.

The illustrated T-41 is very similar to the swan-neck T-40 except it is forged from 1" round alloy steel with EXTRA LONG leverage. Made especially for servicing the large truck tires . . . 12.00, 13.00, and 14.00 and all sizes of traction grader tires.

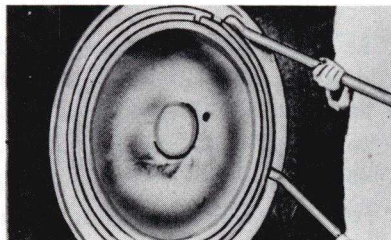

The extra length provides the additional leverage required to service the larger tires. Advisable to use in pairs.

T-41 NET PRICE.....7/8 Stock.....Length 30".....Wt. 5-1/2 lbs.

The T-42 shown is a multi-purpose tool having a special forged curved end and a tapered end. The curved end is used in connection with the T-43 ratchet tooth bar illustrated, as a forcing tool, particularly suitable for 5 degree tube type earthmover rims.

Forged from chrome nickel alloy steel, heat-treated for hard use and long life.

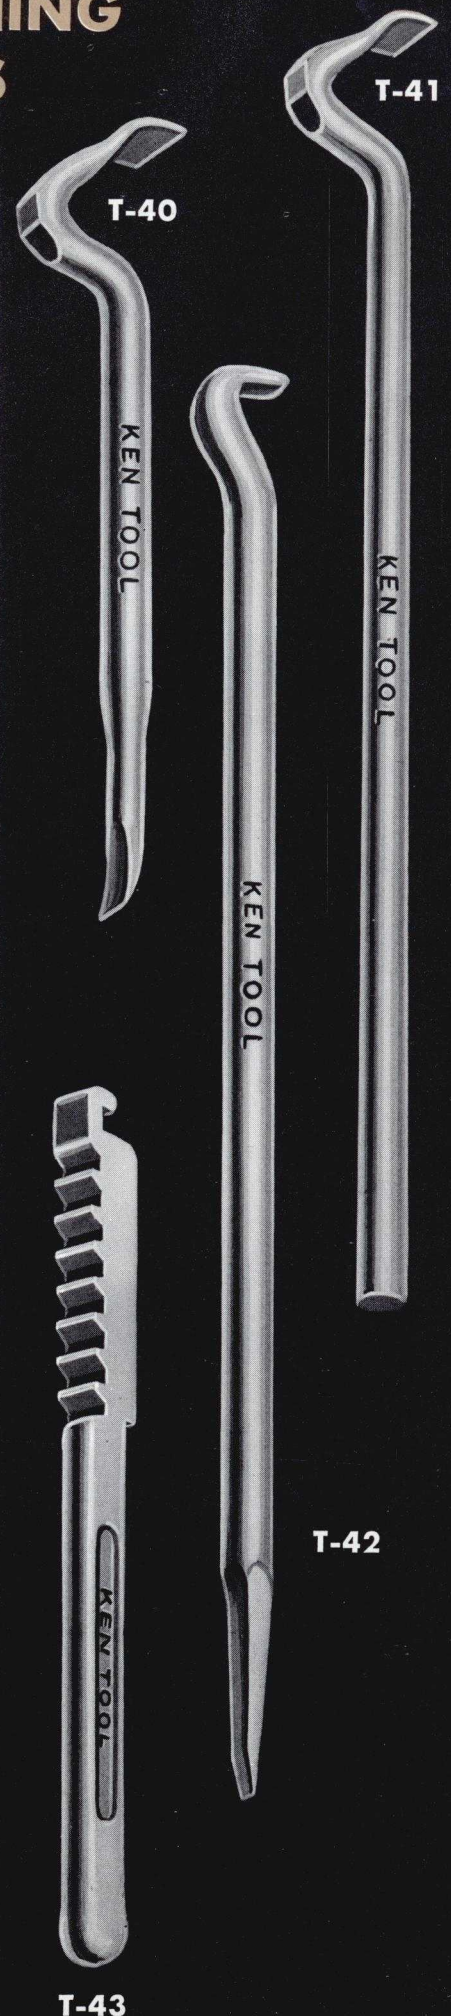

T-42 NET PRICE.....7/8 Stock.....Length 30".....Wt. 5-1/4 lbs.

NOTE — T-41 and T-42 make excellent companion tools

Illustrated is a single purpose ratchet tooth bar for use on old style EMW5S and EMW5 5 degree tube type rims. To be used in connection with T-42. A must for mounting and demounting lock rings and side rings on this type of rim. (SEE ILLUSTRATIONS).

T-43 NET PRICE.....Wt. 3 lbs.

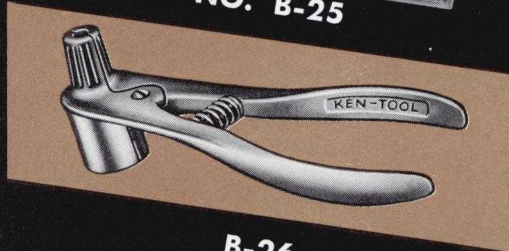

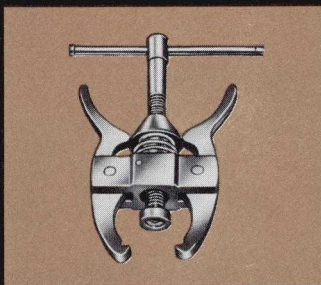

# KEN NEW BATTERY TOOLS, CHALLENGER SAW AND STEEL STAMPS

## CHALLENGER HACK SAW

Illustrated is one of the finest designed hack saws ever made, rugged, compact, features no other hack saw has. CUTS FLUSH against surface either vertical or horizontal. UNBREAKABLE die cast aluminum.

Extreme blade tension thus giving longer blade life. SEVEN outstanding features makes this hack the world's best, at any price. Individually boxed with complete illustrated sales story on each box.

B-13 NET PRICE ..... WT. 1 1/2 LBS.

(A TRIAL ORDER WILL CONVINCE YOU)

## STEEL STAMPS

These heavy duty steel stamps meet the demands of most rigid service. Made from fine quality steel, selected for its proven ability to stand the gaff and abuse which stamps are subjected to. Special heat-treatment gives the stamps THREE distinct hardness zones. The character end is hardened to just the right degree to prevent *chipping* or *battering*. The shank is tough to prevent *bending*, the hammer end prevents *mushrooming*.

**LETTER SETS**—Consists of 28 characters including "&" and a period. Available in 5/32", 3/16", and 1/4" character size.

Stock No. SF-3/16" NET PRICE ..... WT. 16 oz.

Stock No. SF-1/4 " NET PRICE ..... WT. 1 1/4 lbs.

NOTE: Single letters or figures are available in 3 sizes as shown above, please specify which letter or figure size wanted.

# QUALITY-EXTRA HEAVY DUTY ELECTRIC TIRE & TUBE BUFFER and TIRE BUFFING SPOON

Illustrated is a HEAVY DUTY Tire buffer, light in weight, compact, easy to handle. Built to stand the gaff with power to spare.

(Do not confuse with cheaper light duty buffers).

Here is a buffer that does a thorough, quick and easy cleaning and roughing of either TUBELESS TIRES or tubes.

Assures better repairs, cuts labor costs, results bigger profits . . .

With millions of tubeless tires now in use, the problem of proper repairs has become increasingly important. It is an acknowledged fact that "THE SECRET OF ANY TUBELESS TIRE REPAIR IS IN THE CORRECT AND PROPER BUFFING AND CLEANING."

## COMPARE THE FEATURES

- Heavy Duty High Torque Motor, which means more power. 115 Volts A.C. or D.C. Current.
- Low speed Gear Reduction, to prevent burning the rubber. 1080 R.P.M. Under Load.
- All steel gears, precision cut, in grease-tight housing, also has oil retaining, heavy duty bronze bearings, which all gives for much longer life.
- 6 foot long conductor cord (3 wire) grease and oil resistant, with two prong adapter, with ground wire. U.L. Approved Motor and Cord.
- Thumb control switch, plus forced ventilation, which makes for cool running; also perfect balance; eliminates vibration.
- Established in 19 States are 27 authorized repair stations, in the event repairs are ever needed. This list is enclosed with each Unit.

T-135 NET PRICE ..... (Packed individual carton) ..... WT. 3 1/2 LBS.

T-135A NET PRICE ..... Wire Wheel Buffs ..... Weight per 10 ..... WT. 1 1/2 LBS.  
(Boxed 10 per carton)

## TIRE BUFFING SPOON

Here is a much needed—All round—Buffing Spoon for tubeless tires and tubes. Curved to the contour of tubeless tire, also curved to the palm of the hand, for ease of operation.

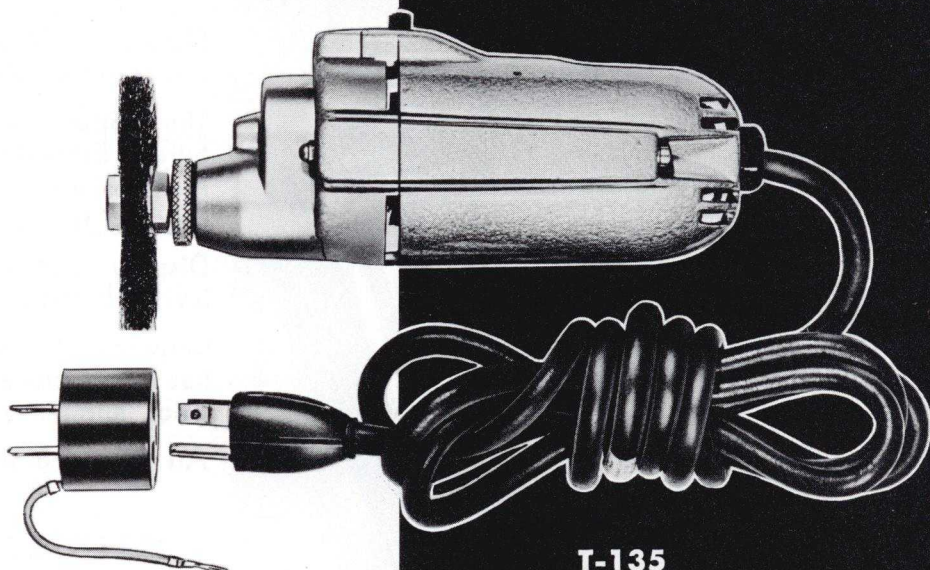

This Tool is so designed that it will reach instantly the tough, hard to get at spots inside the tire for a clean and fast buff. This assures a perfect patch.

The only functional Hand Buff on the Market, so designed with replaceable wire buff and that works so simple and quick. Nothing like it on the Market!

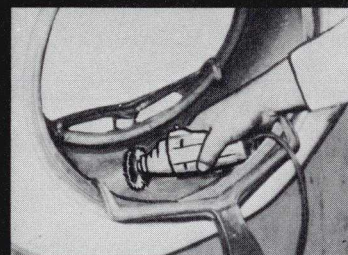

No Service Station or Tire Repair shop can afford to be without one or several of these labor saving tools. *It's A Must.*

T-9 NET PRICE ..... Includes one Extra Buff refill ..... Boxed ..... WT. 10 OZ.

T-9A NET PRICE ..... 3 extra refills, wire Buffs ..... WT. 6 OZ.  
(For T-9 Hand Buffing Spoon.)
